

FabLab Kitakagaya Tour (including Osaka and Kyoto) *tentative

In this tour, we explore two bustling and creative cities, Osaka and Kyoto in Kansai region. This region is known as a heart of Japanese culture with long history, providing many opportunities to unique experiences of the mixture of traditional and modern craftsmanship.

Date: August 28th - 29th

Mail Contact: tsudakazutoshi (a t) fablabkitakagaya.org

Day1 (August 28th): Osaka

Meet at the Shin-Osaka station at 11a.m.

In the morning, we will visit **The Kids Plaza Osaka**, where children can enjoy cutting machines and 3D printer to experience the essence of digital fabrication. This activity is featured in collaboration with FabLab Japan Network and FabLab Kitakagaya as a summer craftsmanship exhibition. In the afternoon, we are pleased to invite you to **FabLab Kitakagaya**, which was launched in April, 2013.

Day2 (August 29th): Kyoto

Meet at the Kyoto station at 11a.m.

On Day2, we will visit one of the most historical and beautiful cities in Japan. In the morning, we will visit a **precision instrument company**. In Kyoto, there are many high-tech industrial companies and well known for its technological strength. In the afternoon, a **traditional artisan's studio** will show us how their historical works still vigorously remained.

In this tour, you can join full or part of the events depending on your interests. Please drop in our fun trip!
